N25 Bandon/Sarsfield Interchanges Upgrade

Progress Update

Wednesday 5th October 2011

Earthworks are progressing well both in the area west of the Bandon Road Roundabout and in the Bandon Road Roundabout centre island itself and these works will continue for a number of weeks. Construction of the reinforced earth wall is also underway in the area west of the Bandon Road Roundabout.

Over recent days significant excavation works also got underway in the area between the existing South Ring Road and the Dunnes Stores shopping centre and again these works will continue for a number of weeks. Between the Sarsfield Road Roundabout and the Dunnes Stores shopping centre, again south of the existing N25 preparatory works for piling operations are underway with the piling works themselves due to get underway in the next fortnight or so in this area.

Work will also get underway in a number of new areas over the coming fortnight:

- On the Sarsfield Road itself, north of the Sarsfield Road Roundabout, the existing road will be temporarily widened on the eastern side and the splitter island immediately on the northern side of the Sarsfield Road Roundabout will also be partially removed and the area will be surfaced.
- Following on from these works a section of the existing median on the N25 South Ring Road itself will be surfaced over a length of approximately 200 metres east of the Sarsfield Road Roundabout.
- Works in both of these areas are temporary in nature and are required for traffic management reasons in association with the demolition of the existing pedestrian overbridges at both the Sarsfield Road Roundabout and Bandon Road Roundabout areas. Planning works associated with demolition of these overbridges are currently nearing completion. A detailed progress update to include traffic management arrangements will be circulated for these works in the next week or so, noting that the works will necessitate a temporary closure of a section of the N25 South Ring Road between Sarsfield Road Roundabout and Bandon Road Roundabout.

As always, those with queries or concerns in relation to the scheme can contact us at on 021-4969280 or 021-4965830, by return e-mail at n25@ccc-site.com or by using the out of hours contact details previously circulated. Please register your e-mail address with us at n25@ccc-site.com if you are interested in obtaining progress updates by e-mail as the works progress.
